

MINUTES N° 010

Governance Committee ZERO Energy

Date: 22 April 2026 **Time:** 9:00 AM **Modality:** Virtual

1. Opening of the session

The Governance Committee holds its weekly meeting on an urgent and operational basis, focused on the coordination of the upcoming in-person event and on project infrastructure matters. The session addresses as a priority the logistics of the event, the confirmation of attendees, and the enablement of new project access mechanisms.

2. Coordination of the in-person event

The committee reviews the status of confirmations for the in-person event scheduled for Saturday, 25 April 2026. It is noted that the committee manages the attendee list in a coordinated manner and verifies the participation status of each individual.

Agreement

- Individual attendee lists are consolidated into a unified document to be communicated to the host venue on this same day.
 - The provisional total number of attendees, as well as the breakdown by participation modality, are recorded internally and forwarded to the venue provider.
 - The definitive attendee list must be finalised before Friday, 25 April.
 - It is anticipated that some attendees may formalise their affiliation with the project during the event, a circumstance that will be communicated to the venue.
-

3. Structure and roles for the in-person event

The committee defines the structure of the event and assigns the roles required for its proper execution. A provisional schedule is established and responsibilities are distributed among the members present.

Agreement

- The organising team will convene at the event venue at **11:00 AM** for pre-event preparations.
- Doors will open to the public at approximately **11:55 AM**.
- The event will commence between **12:00 and 12:15 PM** with a welcome dynamic designed to foster a positive atmosphere among attendees.

- This will be followed by an introduction to the project and the main business presentation.
 - A moderated question-and-answer session will be held, facilitated by the committee.
 - The close of the formal proceedings will give way to a cocktail reception and, subsequently, a networking lunch.
 - Audiovisual coverage of the event will be provided, including recording, photography, and promotional material.
 - Information regarding project access mechanisms will be made available to interested attendees.
-

4. Enablement of a fiat payment gateway

The committee analyses the advisability of broadening the project's access channels in order to facilitate participation by a greater number of interested parties. The need to enable a fiat currency payment method is identified, with the aim of lowering the entry barrier while maintaining full regulatory compliance and a sound institutional image at all times.

Conclusion

- It is agreed to explore alternative payment channels that facilitate access to the project, in compliance with applicable regulations.
 - Implementation will be carried out in a controlled manner and in accordance with the project's internal procedures.
 - The necessary steps will be taken during the current week to assess the feasibility and implementation of the solution.
-

5. Participation in ecosystem events — Crypto sector event

The committee evaluates the possibility of participating as a sponsor at a blockchain/crypto ecosystem event. Following an analysis of the requirements imposed on sponsors and the current stage of the project, a strategic decision is adopted.

Agreement

- The committee decides **not to participate as a sponsor** in this edition of the event, as the project is currently in a growth phase that advises prioritising internal consolidation before assuming greater public exposure.
 - The attendance of committee members as general public is considered, with the objective of establishing contacts and expanding the project's community.
 - The project's strategy at this stage prioritises **sustained growth and the consolidation of its foundations** before assuming greater public exposure.
 - The possibility of sponsoring future editions of the event will be reviewed once the internally established consolidation milestones have been reached.
-

6. Closing of the session

With no further matters to discuss, the session of the Governance Committee is hereby adjourned.
